1 018,31 PLN

## Description

### MANNOSTAB®

Specific mannoprotein (MP40 - Patent n°2726284), naturally present in wines, with the unique property of inhibiting potassium bitartrate crystallisation.

**MANNOSTAB®** is a targeted oenological treatment, based on the inhibition of potassium bitartrate crystallization. It provides a natural, simple solution to the stability requirements of filtered or non-filtered wines.

- A natural constituent already present in wines, **MANNOSTAB®** perfectly conserves the quality of the wine.
- Involving no waste materials, no energy or water consumption, **MANNOSTAB®** is a responsible treatment which complies with new environmental constraints.
